Launch page original:

Miracle network is built to be a space where you add first time people to fans to share public

inspiration. FRIENDSHIPS are WHAT FRIENDS are on Facebook. Chosen is for your family or

your life long chosen family you post your more personal stuff or things you want to promote but

keep exclusive at start. Think of this as a platform where you can help spread the best NFT

work fast to reliable safe connections through the web. We also give the option to track family or

close friends to help set up event and easily find a lost kid vai parent plans.

Revised and elaborated:

Welcome to the Miracle Network where loves transcends technology and support share connect

with anyone and rebuild the true meanings of relationships by giving you 3 defaults (can be

customized with subscriptions) groups to help keep your post private and still reach out to

others or support companies, make easy natural connections or common grounds of interest

faster easier safer with; Fanships (only online, plan to meet, random acquaintance; must give 1

like a week to stay an active fanship subscription charged), Friendships (most common only

those met online and offline can also include trusted fanships. When added or moving to

friendships to stay that level must engage with at least 28 like and least 4 comments response

not resesary). inner circle (can be interpreted as family group or closest friends, longest fan and

or friendships; you never loose these connections must like least 30 post comment 7 or more

comments or you get a friendly reminder to respect those closest by showing some love or

check in on them making sure they are ok, if both side refuse to message or request break, they

are moved to inactive inner circle pausing any post of each others in your feeds. You can

reactivate by going directly to their page and liking a inner circle post)
